Notable features:

Number 11 has a deep back building on Fairmount and a side entry. Numbers 3, 5 and 7 have gable roofs, 9 and 11 flat roofs. Number 3 retains 6/6 windows. All but number 11 are raised above the street by a flight of steps, a feature which assists in dating them.

Environmental context:

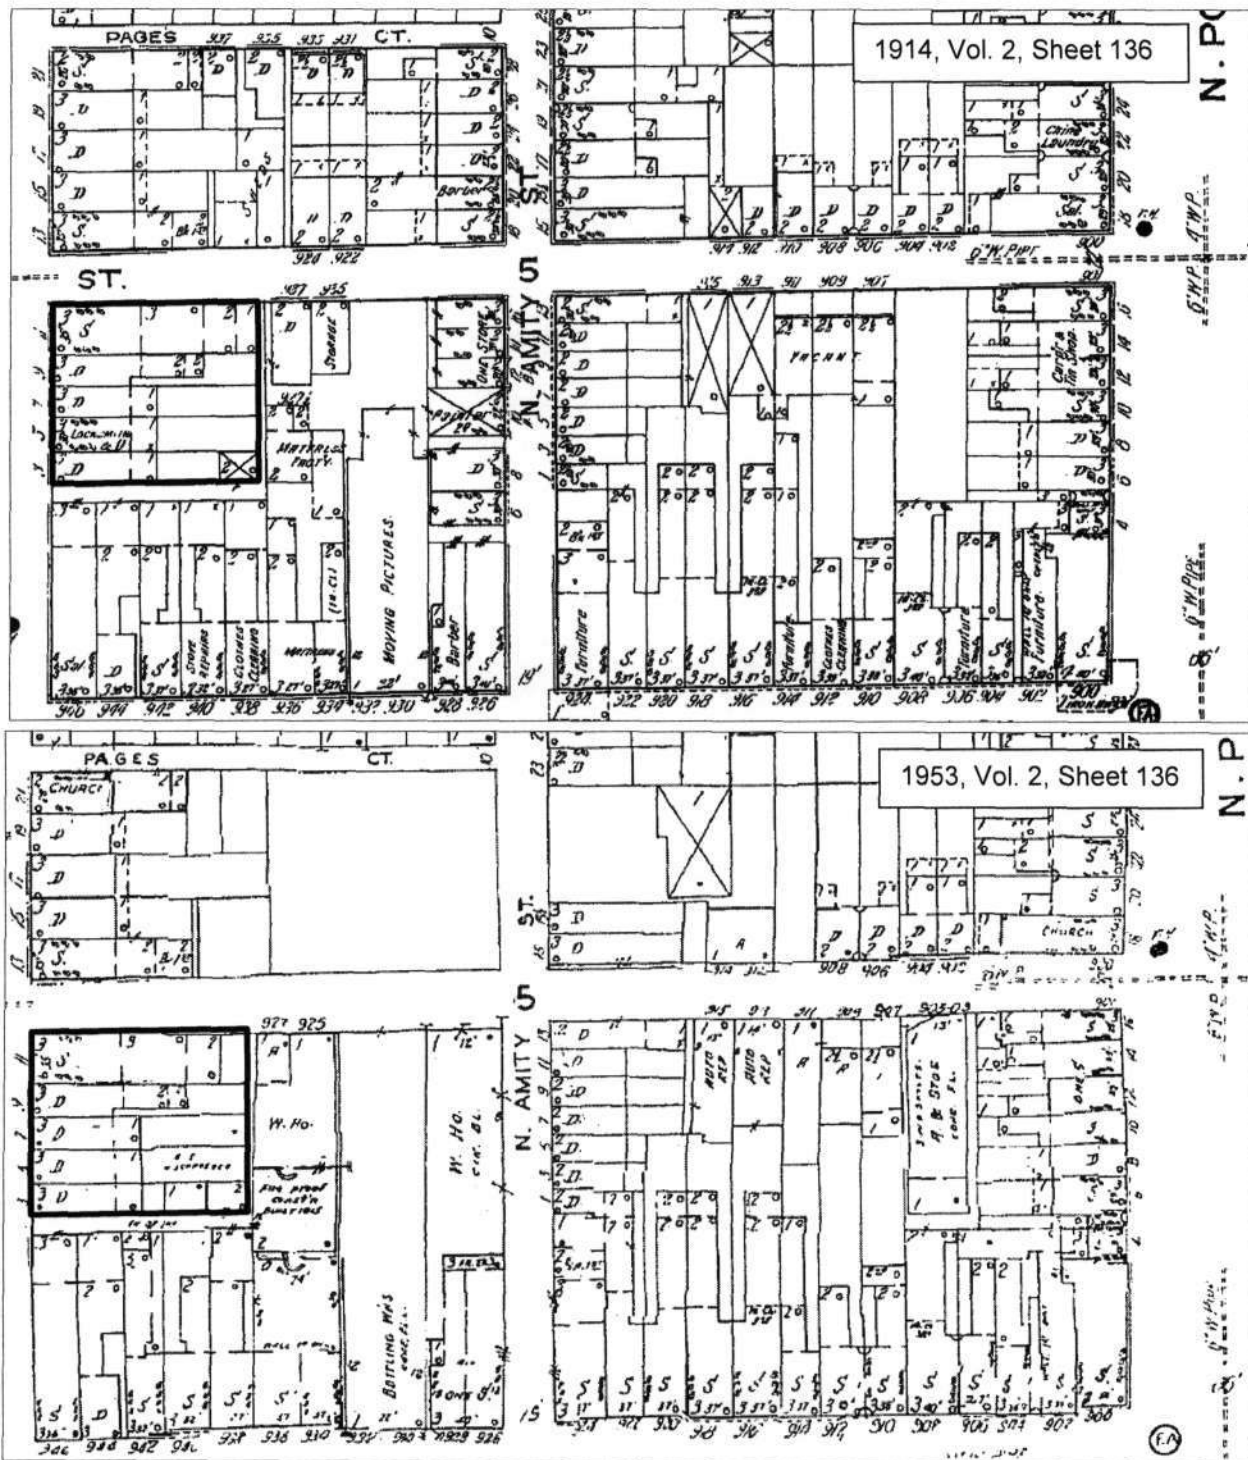

These buildings are in a bad state of repair. They could be rehabilitated for housing but are not important enough to require listing; their fate depends on an overall plan for the immediate area. Schroeder Street is very wide and buildings opposite have been demolished. Street trees are needed.
